Pivot 38 Window

Pivot 38 Window

A product of

**WISPECO**  
Aluminium

The Pivot 38 window system is a stand-alone system in that it has its own outer frame, but fixed frames can be fitted to the top & bottom as required. The pivot window is not fully reversible, & can be manufactured as a horizontal or vertical pivot window. The Pivot 38 is ideally suited in buildings where ventilation is not required, but the outside of the windows are easily accessible for cleaning purposes.

## FEATURES

- Vertical & horizontal pivot available.
- Can be fabricated as a stand-alone system or with fixed side, bottom or top lights.
- Pivot 38 is a beaded system, thus making glazing repairs simple & quick.
- Recommended sash sizes are 1200mm W x 1500mm H.

## GLAZING

- Can be double glazed between 18 mm & 20 mm.
- Allows or single glazing between 4mm clear float glass to 6.38mm laminated safety glass.

## GASKET & SEALS

- High quality, locally manufactured crealco gaskets for glazing are available.
- High quality, durable and locally manufactured finpiles and other seals available.

## FINISH

- Available in a variety of popular architectural powder coating colours and finishes.

## HARDWARE

- Lockable handles available.
- Restrictor stays can be fitted on request.

This brochure must be read in conjunction with the Installation, Cleaning & Maintenance Guidelines for the relevant system. The manuals must also be used in conjunction with the design and cutting lists from the latest version of Starfront.
